3. Claims 1-6 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose comparing the stored fingerprints a with fingerprints obtained in an online momentary process situation, on the basis of the comparison, deriving the difference between the recorded stored good process situation and the momentary process situation, and graphically displaying the difference to the user, characterized in that the fingerprint according to a good process situation is made separately in several sub-processes, and at least one specific index in

the selected sub-process is defined according to a poor process situation relative with respect to runnability, in order to detect a machine-specific critical situation. The allowability, at least in part, resides in this fact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
